Recomendaciones para la
Gestión de la información
sobre personas
desaparecidas y personas
fallecidas sin identificar.

Mecanismo

- Mecanismo común para esclarecer la suerte y el paradero de las personas desaparecidas y responder a las necesidades de los familiares
- Implementación de la legislación relativa a las personas desaparecidas y sus familias
- Atención adecuada a los familiares de los desaparecidos

Capacidad Forense

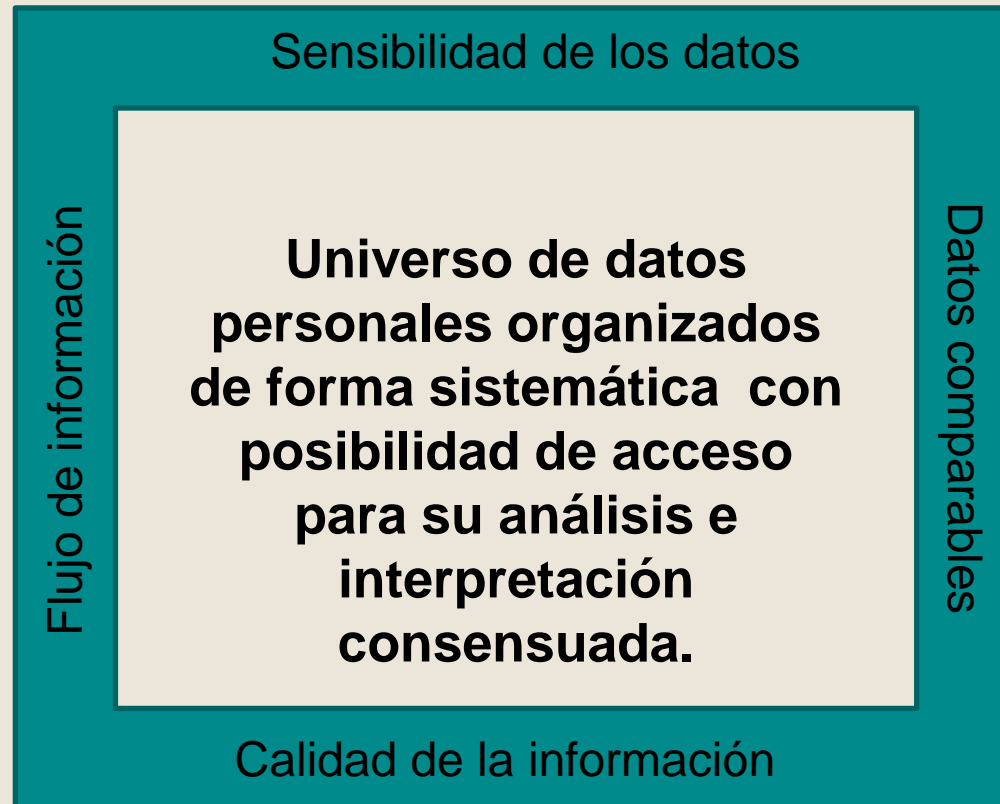

- Cantidad elevada de personas fallecidas sin identificar en territorio mexicano, no sólo nacionales mexicanos

- Fortalecimiento de la capacidad forense en la región.

Gestión de Información

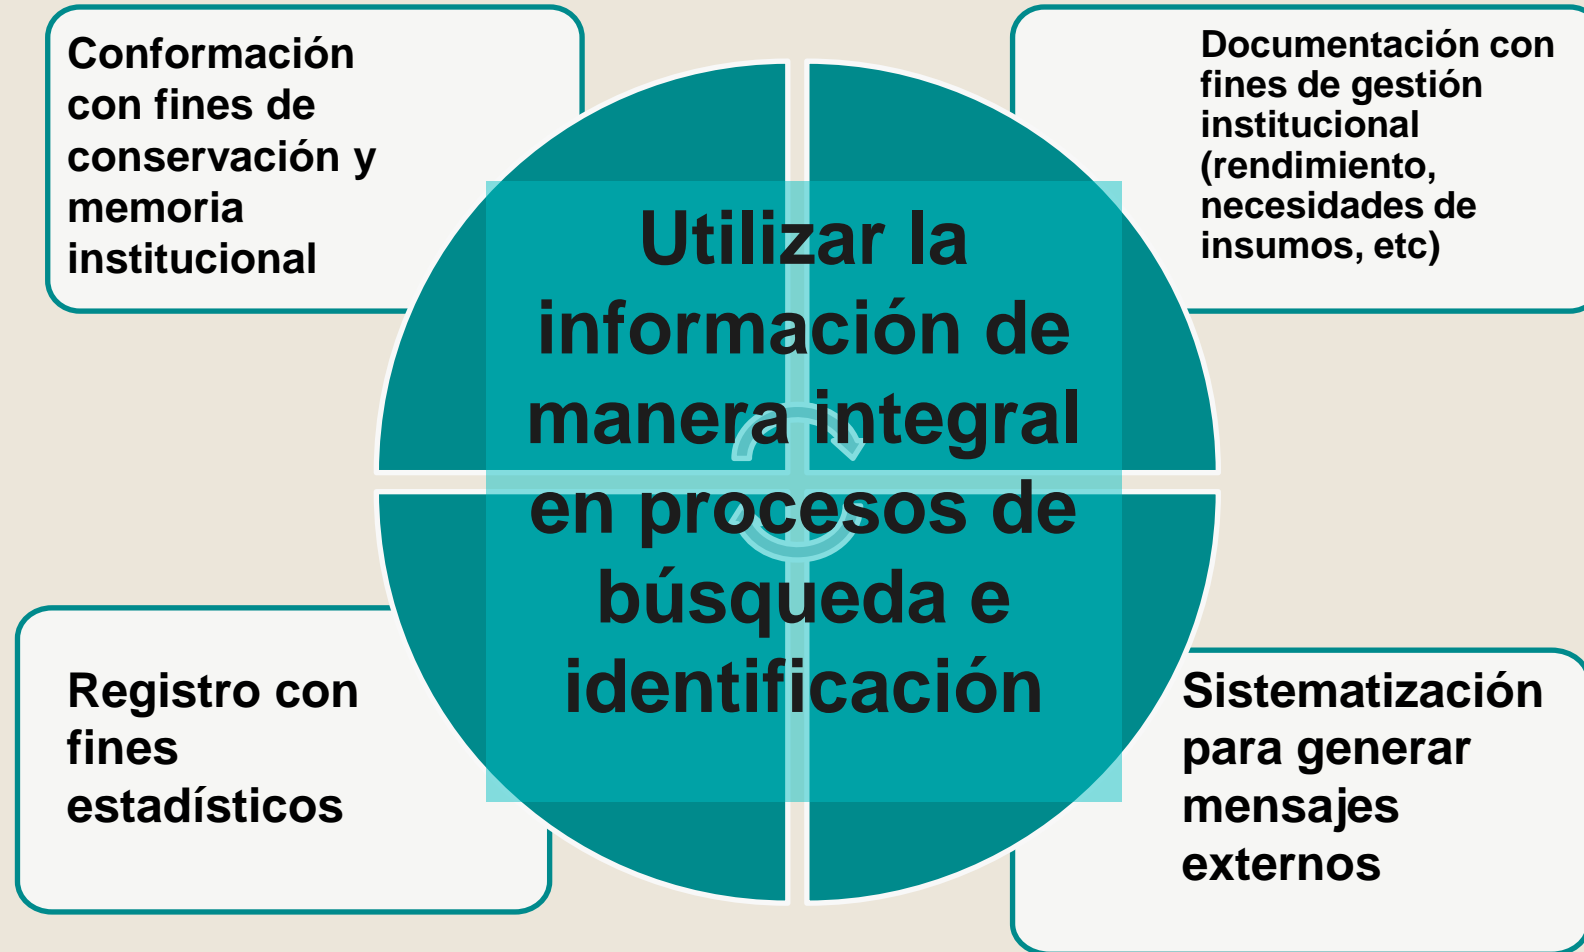

- Desarrollo de un sistema de gestión de información conformado por registros estandarizados y homologados sobre personas desaparecidas y personas sin identificar, que permitan dar respuesta a las familias
